

Matthew P. Jones, Ph.D.

Chief Executive Officer

Good news!

Over the past few weeks, we have gained over \$1M in new client funds. Given the current economic environment, with its inflation/stagflation, volatility, geo-political uncertainty, and potential for recession — all of this seems to have people more motivated than ever to find an RIA that will actively manage their funds. It seems that we are at the right place at the right time! Specifically, Quants Compete is gaining traction with clients who want us to manage their retirement accounts, and also with clients who are seeking better returns (on cash) than what they can get at their bank. Our growth in these two client-categories highlights the incredible potential of Quants Compete. I'm very excited to see our trajectory over the next couple quarters.

We are continuing to refine and update our tech. My primary objective as CEO is to add value to Quants Compete and to mitigate risks. I do this with the guiding principle of focusing on the client. The new tech we intend to deploy will help to build trust and improve the client's experience. I am pleased to see that we are on the right track.

Your financial support helps to keep RocketTrader Inc. *dba* Quants Compete strong. Raising seed capital helps us accelerate growth, mitigate risks, and add-value to the company. If you are an early investor or are still on the Watchlist, I encourage you to add to your stock position. I look forward to bringing you my next update. Until then...

All the best,

-Matt
