

Matthew P. Jones, Ph.D.

Chief Executive Officer

Greetings Investors!

We have some exciting news for you! But first, I need to ask you for your help so we can achieve our fundraising goals for 2022. As I write this letter we have raised a little over \$68k. This is excellent progress and we are thrilled to be able to use this capital to add value to the company. But, we believe that with your help we can do even better, and reach \$100k in Q1. We are asking that you talk to others about Quants Compete. Express to them our shared enthusiasm for the company. Encourage them to join our team and show them how to access the Reg. CF campaign via NetCapital. To those of you who are still on the NetCapital watchlist, now is the time to invest. Your participation in our capital raise will be incredibly impactful on both the near-term and long-term future of Quants Compete. On to the news...

The next version of the Quants Compete app will be making its way to the store soon. Our front-end team is working hard to add a number of new features to the app. Each of these features will significantly improve the user experience for our clients. For example, we are revamping the Models tab for easier navigation.

Our back-end team is beginning to prepare for a comprehensive stress test of our system. This will help to ensure that we are able to manage a large volume of clients. Once we complete this stage, we will begin our campaign to grow our client base.

We can do this!

-Matt
