Netcapital and Portal do not make investment recommendations and no communication, through this website or in any other medium, should be construed as a recommendation for any security offered on or off this investment platform. Equity crowdfunding investments in private placements, Regulation A, D and CF offerings, and start-up investments in particular are speculative and involve a high degree of risk and those investors who cannot afford to lose their entire investment should not invest in start-ups. Companies seeking startup investments through equity crowdfunding tend to be in earlier stages of development and their business model, products and services may not yet be fully developed, operational or tested in the public marketplace. There is no guarantee that the stated valuation and other terms are accurate or in agreement with the market or industry valuations. Additionally, investors may receive illiquid and/or restricted stock that may be subject to holding period requirements and/or liquidity concerns. In the most sensible investment strategy for start-up investing, start-ups should only be part of your overall investment portfolio. Further, the start-up portion of your portfolio may include a balanced portfolio of different start-ups. Investments in startups are highly illiquid and those investors who cannot hold an investment for the long term (at least 5-7 years) should not invest.

Risk Factors

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

7. Material factors that make an investment in Sidekick Technologies, Inc. speculative or risky:

1. Sidekick is a start-up private service company with all the inherent risks associated with such a speculative venture. Investors should not invest unless they can bear the loss of their entire investment due to the speculative nature of start-up companies, including Sidekick.

We choose not to list the numerous risks that could adversely affect Sidekick's business because as a start-up company there are infinite risks. Below are examples of some of these potential risks.

2. As a service based business, if Sidekick does not acquire and retain enough customers this could negatively impact the business.
3. As an early stage start-up business, if Sidekick does not secure enough investments this could jeopardize Sidekick's ability to continue the business.
4. As a service based business Sidekick's staff is important to sustaining its business – if Sidekick is not able to recruit and retain qualified staff this could jeopardize Sidekick's ability to adequately service its customers.
5. If the economy takes a downturn this could have a negative impact on Sidekick's business.
6. *The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.*

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering.

7. *Neither the Offering nor the Securities have been registered under federal or state securities laws, leading to an absence of certain regulation applicable to the Company.*

The securities being offered have not been registered under the Securities Act of 1933 (the "Securities Act"), in reliance on exemptive provisions of the Securities Act. Similar reliance has been placed on apparently available exemptions from securities registration or qualification requirements under applicable state securities laws. No assurance can be given that any offering currently qualifies or will continue to qualify under one or more of such exemptive provisions due to, among other things, the adequacy of disclosure and the manner of distribution, the existence of similar offerings in the past or in the future, or a change of any securities law or regulation that has retroactive effect. If, and to the extent that, claims or suits for rescission are

brought and successfully concluded for failure to register any offering or other offerings or for acts or omissions constituting offenses under the Securities Act, the Securities Exchange Act of 1934, or applicable state securities laws, the Company could be materially adversely affected, jeopardizing the Company's ability to operate successfully. Furthermore, the human and capital resources of the Company could be adversely affected by the need to defend actions under these laws, even if the Company is ultimately successful in its defense.

8. *The Company has the right to extend the Offering Deadline, conduct multiple closings, or end the Offering early.*

The Company may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Minimum Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment up to 48 hours before an Offering Deadline, if you choose to not cancel your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Company receiving the Minimum Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Minimum Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after release of such funds to the Company, the Securities will be issued and distributed to you. If the Company reaches the target offering amount prior to the Offering Deadline, they may conduct the first of multiple closings of the Offering prior to the Offering Deadline, provided that the Company gives notice to the investors of the closing at least five business days prior to the closing (absent a material change that would require an extension of the Offering and reconfirmation of the investment commitment). Thereafter, the Company may conduct additional closings until the Offering Deadline. The Company may also end the Offering early; if the Offering reaches its target offering amount after 21-calendar days but before the deadline, the Company can end the Offering with 5 business days' notice. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to participate – it also means the Company may limit the amount of capital it can raise during the Offering by ending it early.

9. *The Company's management may have broad discretion in how the Company uses the net proceeds of the Offering.*

Despite that the Company has agreed to a specific use of the proceeds from the Offering, the Company's management will have considerable discretion over the allocation of proceeds from the Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

10. *The Securities issued by the Company will not be freely tradable until one year from the initial purchase date. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with his or her attorney.*

You should be aware of the long-term nature of this investment. There is not now and likely will not be a public market for the Securities. Because the Securities offered in this Offering have not been registered under the Securities Act or under the securities laws of any state or non-United States jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be affected. Limitations on the transfer of the shares of Securities may also adversely affect the price that you might be able to obtain for the shares of Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Company. Investors in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof.

11. *Investors will not be entitled to any inspection or information rights other than those required by Regulation CF.*

Investors will not have the right to inspect the books and records of the Company or to receive

financial or other information from the Company, other than as required by Regulation CF. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information – there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders.

12. *The shares of Securities acquired upon the Offering may be significantly diluted as a consequence of subsequent financings.*

Company equity securities will be subject to dilution. Company intends to issue additional equity to future employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence, holders of Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the purchaser's economic interests in the Company.

13. The amount of additional financing needed by Company will depend upon several contingencies not foreseen at the time of this Offering. Each such round of financing (whether from the Company or other investors) is typically intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds are not sufficient, Company may have to raise additional capital at a price unfavorable to the existing investors. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to predict accurately the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain such financing on favorable terms could dilute or otherwise severely impair the value of the investor's Company securities.

14. *There is no present public market for these Securities and we have arbitrarily set the price.*

The offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our net worth or prior earnings. We cannot assure you that the Securities could be resold by you at the Offering price or at any other price.

15. In addition to the risks listed above, businesses are often subject to risks not foreseen or fully appreciated by the management. It is not possible to foresee all risks that may affect us. Moreover, the Company cannot predict whether the Company will successfully effectuate the Company's current business plan. Each prospective Investor is encouraged to carefully analyze the risks and merits of an investment in the Securities and should take into consideration when making such analysis, among other, the Risk Factors discussed above.
16. THE SECURITIES OFFERED INVOLVE A HIGH DEGREE OF RISK AND MAY RESULT IN THE LOSS OF YOUR ENTIRE INVESTMENT. ANY PERSON CONSIDERING THE PURCHASE OF THESE SECURITIES SHOULD BE AWARE OF THESE AND OTHER FACTORS SET FORTH IN THIS OFFERING STATEMENT AND SHOULD CONSULT WITH HIS OR HER LEGAL, TAX AND FINANCIAL ADVISORS PRIOR TO MAKING AN INVESTMENT IN THE SECURITIES. THE SECURITIES SHOULD ONLY BE PURCHASED BY PERSONS WHO CAN AFFORD TO LOSE ALL OF THEIR INVESTMENT.

The Offering

Sidekick Technologies, Inc. ("Company") is offering securities under Regulation CF, through Netcapital Funding Portal Inc. ("Portal"). Portal is a FINRA/SEC registered funding portal and will receive cash compensation equal to 4.9% of the value of the securities sold through Regulation CF. Investments made

under Regulation CF involve a high degree of risk and those investors who cannot afford to lose their entire investment should not invest.

The Company plans to raise between \$10,000 and \$399,160 through an offering under Regulation CF. Specifically, if we reach the target offering amount of \$10,000, we may conduct the first of multiple or rolling closings of the offering early if we provide notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Oversubscriptions will be allocated on a first come, first served basis. Changes to the offering, material or otherwise, occurring after a closing, will only impact investments which have yet to be closed.

In the event The Company fails to reach the offering target of \$10,000, any investments made under the offering will be cancelled and the investment funds will be returned to the investor.

8. What is the purpose of this offering?

Sidekick has a simple mission – to inspire people to do more for their home by simplifying the home improvement process. Our ability to execute on this mission relies on a community-driven approach to growth, knowing that success in this space often hinges on word of mouth support and trust built directly with our homeowners. For this reason, we are excited to partner with crowdfunding platform, Netcapital, to make a portion of our equity available for investment to the friends, family and homeowners who mean most to our business.

Over the past eight months, Sidekick has successfully proven business model viability, expanded its offerings to homeowners, and ramped up growth in a second region, resulting in a 5x expansion of town reach. With money raised from this offering, we will:

- Hire new Sidekicks to further expand our geographic reach throughout Greater Boston
- Continue executing marketing playbook to drive awareness, engagement and retention
- Further develop tech roadmap, prioritizing short term functionalities that deliver improved customer experience and operational efficiency.

9. How does the issuer intend to use the proceeds of this offering?

Uses	If Target Offering Amount Sold	If Maximum Amount Sold
Intermediary Fees	\$490	\$19,559
Staffing	\$0	\$265,722
Marketing	\$9,510	\$75,920
Technology	\$0	\$37,960
Total Use of Proceeds	\$10,000	\$399,160

10. How will the issuer complete the transaction and deliver securities to the investors?

In entering into an agreement on the Netcapital Funding Portal to purchase securities, both investors and Sidekick Technologies, Inc. must agree that a transfer agent, which keeps records of our outstanding Common (the "Securities"), will issue digital Securities in the investor's name (a paper certificate will not be printed). Similar to other online investment accounts, the transfer agent will give investors access to a web site to see the number of Securities that they own in our company. These Securities will be issued to investors after the deadline date for investing has passed, as long as the targeted offering amount has been reached. The transfer agent will record the issuance when we have received the purchase proceeds from the escrow agent who is holding your investment commitment.

11. How can an investor cancel an investment commitment?

You may cancel an investment commitment for any reason until 48 hours prior to the deadline identified in the offering by logging in to your account with Netcapital, browsing to the Investments screen, and clicking to cancel your investment commitment. Netcapital will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment. If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

12. Can the Company perform multiple closings or rolling closings for the offering?

If we reach the target offering amount prior to the offering deadline, we may conduct the first of multiple closings of the offering early, if we provide notice about the new offering deadline at least five business days prior (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Thereafter, we may conduct additional closings until the offering deadline. We will issue Securities in connection with each closing. Oversubscriptions will be allocated on a first come, first served basis. Changes to the offering, material or otherwise, occurring after a closing, will only impact investments which have yet to be closed.

Ownership and Capital Structure

The Offering

13. Describe the terms of the securities being offered.

We are issuing Securities at an offering price of \$0.85 per share.

14. Do the securities offered have voting rights?

The Securities are being issued with voting rights. However, so that the crowdfunding community has the opportunity to act together and cast a vote as a group when a voting matter arises, a custodian will cast your vote for you. Please refer to the custodian agreement that you sign before your purchase is complete.

15. Are there any limitations on any voting or other rights identified above?

You are giving your voting rights to the custodian, who will vote the Securities on behalf of all investors who purchased Securities on the Netcapital crowdfunding portal.

16. How may the terms of the securities being offered be modified?

We may choose to modify the terms of the securities before the offering is completed. However, if the terms are modified, and we deem it to be a material change, we need to contact you and you will be given the opportunity to reconfirm your investment. Your reconfirmation must be completed within five business days of receipt of the notice of a material change, and if you do not reconfirm, your investment will be canceled and your money will be returned to you.

Restrictions on Transfer of the Securities Offered

The securities being offered may not be transferred by any purchaser of such securities during the one-

year period beginning when the securities were issued, unless such securities are transferred:

- to the issuer;
- to an accredited investor;
- as part of an offering registered with the U.S. Securities and Exchange Commission; or
- to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

The term “accredited investor” means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term “member of the family of the purchaser or the equivalent” includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term “spousal equivalent” means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Description of Issuer’s Securities

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Securities

Class of Security	Amount Authorized	Amount Outstanding	Voting Rights	Other Rights
Common	10,000,000	5,870,000	Yes	

Options, Warrants and Other Rights

Type	Description	Reserved Securities
Convertible Notes	Convertible note with option to convert at the next equity financing round that raises a minimum of \$1M	234,800
Employee Stock Options	Vesting start date of 1/23/17 with a 4/1 cliff vesting schedule	25,000

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of securities?

We are offering common stock on Netcapital. It has all the same rights, preferences, dilution and conditions as all other common shares of stock issued by the company consistent with Delaware law.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

The convertible notes are a debt security and not equity currently so it is different than the common stock. In addition, the conversion feature of the notes will likely allow conversion into a preferred security which will have a preference and accruing dividend rights above the common on the capital stack.

20. How could the exercise of rights held by the principal owners identified in Question 5 above affect the purchasers of Securities being offered?

The purchasers of the common stock could be subject to dilution and the company could be forced into a bankruptcy in which the investor will likely lose their entire investment.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The pre-money valuation of \$5,000,000 was set based on the agreed upon rate established by the previous \$200,000 of convertible notes raised in 01/17 for Sidekick Technologies, Inc.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

The risks for minority investors on Netcapital are the same risks that would be suffered by any investor who purchases less than 50.1% of the fully diluted equity of a company. As a minority investor, you will have only those rights afforded by Delaware general corporate law. With any minority investment in a private, start-up SaaS company, an investor should be able to bear a complete loss of their investment.

23. What are the risks to purchasers associated with corporate actions including:

- additional issuances of securities,
- issuer repurchases of securities,
- a sale of the issuer or of assets of the issuer or
- transactions with related parties?

Additional issuance of securities: As is the case with any investment in common stock of a private company, there will be dilution of the ownership interest as Sidekick adds additional investors in future rounds. An investor should assume their purchased ownership interest will be diluted over time and could be subject to recapitalization as well as a complete loss of their investment. Issuer repurchase of securities: There is currently no right of repurchase associated with the common stock issued by the company. There may be such rights in future rounds with preferred securities. Sale of issuer or of assets of the issuer: There is the possibility of a sale of the assets at a price in which the investor may not even recoup their original investment as well as the possibility of a complete loss of the investment by the investor. Transactions with related parties: There are currently no transactions with related parties. If there are, any such transaction will be at arms-length on market terms.

24. Describe the material terms of any indebtedness of the issuer:

Creditor(s):	Two individual investors
Amount Outstanding:	\$200,000
Interest Rate:	6.0%
Maturity Date:	January 3, 2020
Other Material Terms:	

Two notes of \$100,000 each are convertible upon the successful execution of an equity financing of not less than \$3,000,000 at the lower of (i) 80% of the price paid by other investors or (ii) the quotient of \$5,000,000 divided by the number of common shares outstanding immediately prior to the equity financing.

25. What other exempt offerings has Sidekick Technologies, Inc. conducted within the past three years?

Date of Offering: 01/17
Exemption: Reg. D, Rule 506b (Title II of JOBS Act)
Securities Offered: Debt
Amount Sold: \$100,000
Use of Proceeds:
Seed capital used for staffing, marketing and general operation.

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12-month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:
1. any director or officer of the issuer;
 2. any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
 3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer; or

No.

Financial Condition of the Issuer

27. Does the issuer have an operating history?

Yes.

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

Sidekick had \$31,000 in Cash and Cash Equivalents with an additional \$15,000 in Accounts Receivable and Other Current Assets as of December 31, 2016 (as stated in the enclosed Balance Sheet). Sidekick's capital funding comes from outside investors and began in 2016 as well as an additional \$100,000 in the form of a Convertible Note received in 2017 further improving Sidekick's financial position. Sidekick generated \$10,000 in revenue as of December 31, 2016 (as stated on the enclosed Income Sheet) from over 100 customers in its first 4.5 months of operation in 2016. Material trends that Sidekick currently observes in the business are as follows: the number of customers, number of job leads and size of jobs has increased significantly – we expect this to continue as we are intentionally holding back the rate of growth until further investments are secured; the amount of investment doubled from 2016 to 2017 (per note above); however, Sidekick is spending more money on salary, marketing and operations in 2017 than it was in 2016; and it plans to hire one additional

staff in June of 2017. Critical milestones that Sidekick plans to achieve in the next 12-24 months include expanding regions, hiring full-time staff, growing revenue 10x, increasing service offerings, optimizing marketing and building its technology roadmap. Forward looking statements are made to the best of our knowledge and are based on information we have today given current market conditions and business results.

30. With respect to the issuer, any predecessor of the issuer, any affiliated issuer, any director, officer, general partner or managing member of the issuer, any beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated in the same form as described in Question 6 of this Question and Answer format, any promoter connected with the issuer in any capacity at the time of such sale, any person that has been or will be paid (directly or indirectly) remuneration for solicitation of purchasers in connection with such sale of securities, or any general partner, director, officer or managing member of any such solicitor, prior to May 16, 2016:

 2. Is any such person subject to any order, judgment or decree of any court of competent jurisdiction, entered within five years before the filing of the information required by Section 4A(b) of the Securities Act that, at the time of filing of this offering statement, restrains or enjoins such person from engaging or continuing to engage in any conduct or practice:
 1. in connection with the purchase or sale of any security?;

Video Transcript: Dave: So what is a sidekick? We're a single point of contact for all of your home service needs: We scope the job, we take care of the bidding, we really want to inspire you to do more with your home and have fun doing it.

Amy: Like many other busy moms and parents out there, our "honey-do-list" is extremely long. So I have found the best way to get through that is to give Dave a call at Sidekick.

Scott: Having been in business for ten years, my biggest problem has always been identifying what customers are the proper fit for the services I provide. I've got Dave on speed-dial. He's always got my back.

Dave: One of the main philosophies I adopted from my dad was the relationship piece with customers and clients and I think we've really, really brought that into what we do with Sidekick.

You don't have to track down multiple contractors to clean your windows or install new gutters or put new flooring down. You can call one person and they'll get the job done for you.

Scott: In the six months that I've been working with Sidekick and adding in that third point of contact with customers, it has just about doubled the amount of work I can get done in a week.

Amy: Everything is emailed or texted to you and it's an easy online payment which in this day and age makes our life so much easier.

Scott: If you're a home improvement contractor and you think you offer a unique service, Sidekick is the way to go.

Amy: Absolutely, without a doubt, I would recommend Sidekick.

Dave: At Sidekick we're all about improving home improvement, so launch a project with us today.
