Netcapital and Portal do not make investment recommendations and no communication, through this website or in any other medium, should be construed as a recommendation for any security offered on or off this investment platform. Equity crowdfunding investments in private placements, Regulation A, D and CF offerings, and start-up investments in particular are speculative and involve a high degree of risk and those investors who cannot afford to lose their entire investment should not invest in start-ups. Companies seeking startup investments through equity crowdfunding tend to be in earlier stages of development and their business model, products and services may not yet be fully developed, operational or tested in the public marketplace. There is no guarantee that the stated valuation and other terms are accurate or in agreement with the market or industry valuations. Additionally, investors may receive illiquid and/or restricted stock that may be subject to holding period requirements and/or liquidity concerns. In the most sensible investment strategy for start-up investing, start-ups should only be part of your overall investment portfolio. Further, the start-up portion of your portfolio may include a balanced portfolio of different start-ups. Investments in startups are highly illiquid and those investors who cannot hold an investment for the long term (at least 5-7 years) should not invest.

## Business and Anticipated Business Plan

6. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

Lawrence Hunt designs and distributes sweat-wicking dress shirts for both retail consumers and for businesses as uniforms. The Lawrence Hunt dress shirt uses a patent-pending design and process (provisional utility method patent and patent-pending design patent) to seamlessly integrate advanced performance fabric technology within the underarm of the traditional cotton dress shirt, producing a hybrid shirt that combines the advantages of both fabrics. The Company officially launched its first collection of dress shirts in 2016 after a successful Kickstarter campaign in 2014 made it one of the top ten most funded dress shirts on Kickstarter.

Professional apparel has not effectively evolved to combat the effects of high-pressure situations, or an active lifestyle or job. The professional apparel market is a billion dollar industry that has yet to provide consumers with an effective product that can fight and eliminate sweat, and still help you look professional on the job. The main reason for this is that performance fabrics used by athletes to fight sweat do not retain the “professional look” the workplace requires.

Lawrence Hunt solves this problem by creating professional apparel that is perfect for the boardroom but can also withstand an active lifestyle and changing elements. The goal of Lawrence Hunt is to create professional dress shirts and apparel that fight and eliminate sweat, and that are suitable for all men and women in the workplace.

## Risk Factors

*A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.*

*In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.*

*The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.*

*These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.*

### **7. Material factors that make an investment in Lawrence Hunt Fashion, Inc. speculative or risky:**

1. Lawrence Hunt Fashion Inc. is a start-up; thus, projections are based on limited operating data.
2. Lawrence Hunt has a patent-pending design patent, and a provisional utility method patent. There is a chance neither will be approved.
3. Lawrence Hunt operates in the online consumer products industry. There is significant competition in the industry and consumer preferences and styles are constantly changing.
4. Lawrence Hunt uses contract manufacturers to produce inventory. There is significant risk dealing with overseas manufacturing.
5. *The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.*

You should not rely on the fact that our Form C, and if applicable Form D is accessible through the U.S. Securities and Exchange Commission’s EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering.

6. *Neither the Offering nor the Securities have been registered under federal or state securities laws, leading to an absence of certain regulation applicable to the Company.*

The securities being offered have not been registered under the Securities Act of 1933 (the "Securities Act"), in reliance on exemptive provisions of the Securities Act. Similar reliance has been placed on apparently available exemptions from securities registration or qualification requirements under applicable state securities laws. No assurance can be given that any offering currently qualifies or will continue to qualify under one or more of such exemptive provisions due to, among other things, the adequacy of disclosure and the manner of distribution, the existence of similar offerings in the past or in the future, or a change of any securities law or regulation that has retroactive effect. If, and to the extent that, claims or suits for rescission are brought and successfully concluded for failure to register any offering or other offerings or for acts or omissions constituting offenses under the Securities Act, the Securities Exchange Act of 1934, or applicable state securities laws, the Company could be materially adversely affected, jeopardizing the Company's ability to operate successfully. Furthermore, the human and capital resources of the Company could be adversely affected by the need to defend actions under these laws, even if the Company is ultimately successful in its defense.

7. *The Company has the right to extend the Offering Deadline, conduct multiple closings, or end the Offering early.*

The Company may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Minimum Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment up to 48 hours before an Offering Deadline, if you choose to not cancel your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Company receiving the Minimum Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Minimum Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after release of such funds to the Company, the Securities will be issued and distributed to you. If the Company reaches the target offering amount prior to the Offering Deadline, they may conduct the first of multiple closings of the Offering prior to the Offering Deadline, provided that the Company gives notice to the investors of the closing at least five business days prior to the closing (absent a material change that would require an extension of the Offering and reconfirmation of the investment commitment). Thereafter, the Company may conduct additional closings until the Offering Deadline. The Company may also end the Offering early; if the Offering reaches its target offering amount after 21-calendar days but before the deadline, the Company can end the Offering with 5 business days' notice. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to participate – it also means the Company may limit the amount of capital it can raise during the Offering by ending it early.

8. *The Company's management may have broad discretion in how the Company uses the net proceeds of the Offering.*

Despite that the Company has agreed to a specific use of the proceeds from the Offering, the Company's management will have considerable discretion over the allocation of proceeds from the Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

9. *The Securities issued by the Company will not be freely tradable until one year from the initial purchase date. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with his or her attorney.*

You should be aware of the long-term nature of this investment. There is not now and likely will not be a public market for the Securities. Because the Securities offered in this Offering have not been

registered under the Securities Act or under the securities laws of any state or non-United States jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be affected. Limitations on the transfer of the shares of Securities may also adversely affect the price that you might be able to obtain for the shares of Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Company. Investors in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof.

10. *Investors will not be entitled to any inspection or information rights other than those required by Regulation CF.*

Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by Regulation CF. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information – there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders.

11. *The shares of Securities acquired upon the Offering may be significantly diluted as a consequence of subsequent financings.*

Company equity securities will be subject to dilution. Company intends to issue additional equity to future employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence, holders of Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the purchaser's economic interests in the Company.

12. The amount of additional financing needed by Company will depend upon several contingencies not foreseen at the time of this Offering. Each such round of financing (whether from the Company or other investors) is typically intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds are not sufficient, Company may have to raise additional capital at a price unfavorable to the existing investors. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to predict accurately the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain such financing on favorable terms could dilute or otherwise severely impair the value of the investor's Company securities.

13. *There is no present public market for these Securities and we have arbitrarily set the price.*

The offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our net worth or prior earnings. We cannot assure you that the Securities could be resold by you at the Offering price or at any other price.

14. In addition to the risks listed above, businesses are often subject to risks not foreseen or fully appreciated by the management. It is not possible to foresee all risks that may affect us. Moreover, the Company cannot predict whether the Company will successfully effectuate the Company's current business plan. Each prospective Investor is encouraged to carefully analyze the risks and merits of an investment in the Securities and should take into consideration when making such analysis, among other, the Risk Factors discussed above.

15. THE SECURITIES OFFERED INVOLVE A HIGH DEGREE OF RISK AND MAY RESULT IN THE LOSS OF YOUR ENTIRE INVESTMENT. ANY PERSON CONSIDERING THE PURCHASE OF THESE SECURITIES SHOULD BE AWARE OF THESE AND OTHER FACTORS SET FORTH IN THIS OFFERING STATEMENT AND SHOULD CONSULT WITH HIS OR HER LEGAL, TAX AND FINANCIAL ADVISORS PRIOR TO MAKING AN INVESTMENT IN THE SECURITIES. THE SECURITIES SHOULD ONLY BE PURCHASED BY PERSONS WHO CAN AFFORD TO LOSE ALL OF THEIR INVESTMENT.

## The Offering

Lawrence Hunt Fashion, Inc. (“Company”) is offering securities under Regulation CF, through Netcapital Funding Portal Inc. (“Portal”). Portal is a FINRA/SEC registered funding portal and will receive cash compensation equal to 4.9% of the value of the securities sold through Regulation CF. Investments made under Regulation CF involve a high degree of risk and those investors who cannot afford to lose their entire investment should not invest.

The Company plans to raise between \$25,000 and \$100,000 through an offering under Regulation CF. Specifically, if we reach the target offering amount of \$25,000, we may conduct the first of multiple or rolling closings of the offering early if we provide notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Oversubscriptions will be allocated on a first come, first served basis. Changes to the offering, material or otherwise, occurring after a closing, will only impact investments which have yet to be closed.

In the event The Company fails to reach the offering target of \$25,000, any investments made under the offering will be cancelled and the investment funds will be returned to the investor.

### 8. What is the purpose of this offering?

The purpose of this offering is to continue to prove our concept and grow Lawrence Hunt by increasing inventory stock and marketing footprint, and prepare Lawrence Hunt for a subsequent fundraising round within 12 to 18 months.

Based on the total funding raise, Lawrence Hunt will allocate the proceeds to inventory, marketing, and photography.

### 9. How does the issuer intend to use the proceeds of this offering?

Uses	If Target Offering Amount Sold	If Maximum Amount Sold
Intermediary Fees	\$1,225	\$4,900
Inventory	\$15,000	\$45,100
Marketing	\$7,500	\$30,000
Photography	\$1,275	\$20,000
<b>Total Use of Proceeds</b>	<b>\$25,000</b>	<b>\$100,000</b>

### 10. How will the issuer complete the transaction and deliver securities to the investors?

In entering into an agreement on the Netcapital Funding Portal to purchase securities, both investors and Lawrence Hunt Fashion, Inc. must agree that a transfer agent, which keeps records of our outstanding Class A (the "Securities"), will issue digital Securities in the investor's name (a paper certificate will not be printed). Similar to other online investment accounts, the transfer agent will give investors access to a web site to see the number of Securities that they own in our company. These Securities will be issued to investors after the deadline date for investing has passed, as long as the targeted offering amount has been reached. The transfer agent will record the issuance when we have received the purchase proceeds from the escrow agent who is holding your investment commitment.

**11. How can an investor cancel an investment commitment?**

You may cancel an investment commitment for any reason until 48 hours prior to the deadline identified in the offering by logging in to your account with Netcapital, browsing to the Investments screen, and clicking to cancel your investment commitment. Netcapital will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment. If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

**12. Can the Company perform multiple closings or rolling closings for the offering?**

If we reach the target offering amount prior to the offering deadline, we may conduct the first of multiple closings of the offering early, if we provide notice about the new offering deadline at least five business days prior (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Thereafter, we may conduct additional closings until the offering deadline. We will issue Securities in connection with each closing. Oversubscriptions will be allocated on a first come, first served basis. Changes to the offering, material or otherwise, occurring after a closing, will only impact investments which have yet to be closed.

## **Ownership and Capital Structure**

### **The Offering**

**13. Describe the terms of the securities being offered.**

We are issuing Securities at an offering price of \$12.50 per share.

**14. Do the securities offered have voting rights?**

The Securities are being issued with voting rights. However, so that the crowdfunding community has the opportunity to act together and cast a vote as a group when a voting matter arises, a record owner will cast your vote for you. Please refer to the record owner agreement that you sign before your purchase is complete.

**15. Are there any limitations on any voting or other rights identified above?**

You are giving your voting rights to the record owner, who will vote the Securities on behalf of all investors who purchased Securities on the Netcapital crowdfunding portal.

**16. How may the terms of the securities being offered be modified?**

We may choose to modify the terms of the securities before the offering is completed. However, if the terms are modified, and we deem it to be a material change, we need to contact you and you will be given the opportunity to reconfirm your investment. Your reconfirmation must be completed within five business days of receipt of the notice of a material change, and if you do not reconfirm, your investment will be canceled and your money will be returned to you.

## **Restrictions on Transfer of the Securities Offered**

The securities being offered may not be transferred by any purchaser of such securities during the one-year period beginning when the securities were issued, unless such securities are transferred:

- to the issuer;
- to an accredited investor;
- as part of an offering registered with the U.S. Securities and Exchange Commission; or
- to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

The term “accredited investor” means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term “member of the family of the purchaser or the equivalent” includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term “spousal equivalent” means a cohabitant occupying a relationship generally equivalent to that of a spouse.

## **Description of Issuer’s Securities**

**17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.**

### **Securities**

<b>Class of Security</b>	<b>Amount Authorized</b>	<b>Amount Outstanding</b>	<b>Voting Rights</b>	<b>Other Rights</b>
Class A	100,000	92,000	Yes	

### **Options, Warrants and Other Rights**

None.

**18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of securities?**

The securities, above, are common stock and will not limit the crowdfunding securities we will offer.

**19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?**

No.

**20. How could the exercise of rights held by the principal owners identified in Question 5 above affect the purchasers of Securities being offered?**

**21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.**

We reviewed both the Berkus Method for valuing start-ups, as well as our most recent sales data to determine an appropriate valuation.

Using last 30 days gross sales of approximately \$11,000, we have a \$132,000 Annual Run Rate ( $\$11,000 \times 12$  months). Our current sales are based on limited sizes and styles (4-5), and we believe we would see significant increase in sales with more styles and size. Using a revenue multiple of 8.5 (based on exits by similar companies) leads to a pre-money valuation of \$1.12 million.

Under the Berkus Method's five principles, Lawrence Hunt meets all five criteria, reducing risk of investment. The Berkus Method says that companies meeting all five criteria are valued between \$1 million and \$2 million.

**22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?**

As a minority owner, shareholders will not have a significant impact on the operational decisions and direction of the company.

**23. What are the risks to purchasers associated with corporate actions including:**

- additional issuances of securities,
- issuer repurchases of securities,
- a sale of the issuer or of assets of the issuer or
- transactions with related parties?

There is risk that additional shares could be issued that would dilute all shareholders. However, crowdfunding investors would dilute at the same rate as all other owners in the company (all current investors/owners own common stock).

**24. Describe the material terms of any indebtedness of the issuer:**

Not applicable.

**25. What other exempt offerings has Lawrence Hunt Fashion, Inc. conducted within the past three years?**

None.

26. **Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer’s last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12-month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:**
1. any director or officer of the issuer;
  2. any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer’s outstanding voting equity securities, calculated on the basis of voting power;
  3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer; or
  4. any immediate family member of any of the foregoing persons.

No.

## **Financial Condition of the Issuer**

27. **Does the issuer have an operating history?**

Yes.

28. **Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.**

Lawrence Hunt officially began operating in 2016. Revenue has grown 10x since launch on limited advertising spend and SKUs. Based on current monthly revenues (\$10,000 in August) and cash in bank, the company anticipates it can continue to operate with no signs of being insolvent.

## **MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION**

Lawrence Hunt Fashion, Inc., formerly Lawrence Hunt, LLC, (the “Company”) designs and distributes sweat-wicking dress shirts for both retail consumers and as uniforms for businesses. The Lawrence Hunt dress shirt uses a patent-pending design and process (provisional utility method patent and patent-pending design patent) to seamlessly integrate advanced performance fabric technology within the underarm of a traditional cotton dress shirt to produce a hybrid shirt that combines the advantages of both fabrics. The Company officially launched its first collection of dress shirts in 2016 after a successful Kickstarter campaign in 2014 made it one of the top ten most funded dress shirts on Kickstarter. Despite operations beginning in 2016, we still consider ourselves a development stage company. We continue to test product and marketing channels to determine and optimize product/market fit. We have generated operating losses since our inception, but anticipate to reach positive earnings by 2019 as we continue to expand our operations in the uniform business, see repeat customers in our retail business, and lower our customer acquisition cost online.

### **Results of Operations**

**FOR EIGHT MONTHS ENDED AUGUST 31, 2016**

Revenue

Revenue has grown month over month, since officially beginning operations in January 2016. Revenue year-to-date is approximately \$30,000. In August, 2016, Revenue was approximately \$10,500, up from approximately \$7,000 in July, 2016. The Company has been operating with a limited number of SKUs and sizes in 2016 and plans to expand its inventory by the end of 2016 and in 2017 to increase Revenue.

#### **Operating Expenses**

Operating Expenses during the eight months of operations in 2016 were approximately \$76,000. Approximately \$28,000 of Operating Expenses were for digital marketing expenses on social media and search platforms such as Google and Facebook. Additional funds were used for digital marketing as the Company has tested various advertisements and marketing mediums in its goal to optimize digital marketing and lower customer acquisition cost. Approximately \$30,000 of Operating Expenses were used on start-up development costs in 2016 for one time expenditures such as look book development, design development, signage, other promotional materials, etc.

#### **FOR THE TWELVE MONTHS ENDED DECEMBER 31, 2015 AND DECEMBER 31, 2014**

On July 7, 2014, the Company launched a Kickstarter campaign for its first beta dress shirt. Approximately \$17,000 was raised through its Kickstarter campaign. All funds were used in 2014 to develop the beta dress shirt and distribute the dress shirts. All Kickstarter customers received the beta dress shirt by December 31, 2014.

During 2015, the Company began receiving customer feedback on its beta dress shirts, and performed initial marketing testing. The Company redesigned its beta dress shirt, website, and branding in 2015 with the goal to launch its first collection of shirts in 2016.

## **Liquidity and Capital Resources**

As of August 31, 2016, the Company had total Current Assets of approximately \$60,000, including cash on hand of approximately \$40,000. The Company has applied for a \$15,000 grant through the State of Michigan to support expansion. The Company funds operations primarily from cash on hand and with revenue from online sales. This revenue and cash is insufficient to support significant expansion of inventory and growth. Funds from our initial offering will be used to expand our product line, increase marketing, and perform photograph and videography work. Approximately half the funds will be allocated to inventory and will be used within six-months of receiving funding. The funds allocated to marketing and photography will be used ratably over a nine to twelve month period.

The offering page on the funding portal has a video. The video opens with James McCann walking down a ramp, towards the camera, with a baseball bat slung over his shoulder. A caption reads: “James McCann, Detroit Tigers Catcher”, and McCann says: “I’m James McCann and I was born in Santa Barbara California and I play for the Detroit Tigers.” The scene changes to an urban environment, where a busker exclaims: “Welcome to Detroit!”. Closeups of McCann wearing a dress-shirt and putting on a necktie are interspersed with shots of Detroit. McCann’s voice continues: “I take my wife out to eat and I love putting on my Lawrence Hunt dress shirt. The way they stretch, the way they feel—they move with my body just like a t-shirt would. I know that I’m wearing a dress shirt, but it really doesn’t feel like it.” The video closes with a shot of the sun rising over Detroit and on-screen text that reads “Lawrence Hunt Fashion, LHWear.com”, and the Lawrence Hunt logo.
