Netcapital and Portal do not make investment recommendations and no communication, through this website or in any other medium, should be construed as a recommendation for any security offered on or off this investment platform. Equity crowdfunding investments in private placements, Regulation A, D and CF offerings, and start-up investments in particular are speculative and involve a high degree of risk and those investors who cannot afford to lose their entire investment should not invest in start-ups. Companies seeking startup investments through equity crowdfunding tend to be in earlier stages of development and their business model, products and services may not yet be fully developed, operational or tested in the public marketplace. There is no guarantee that the stated valuation and other terms are accurate or in agreement with the market or industry valuations. Additionally, investors may receive illiquid and/or restricted stock that may be subject to holding period requirements and/or liquidity concerns. In the most sensible investment strategy for start-up investing, start-ups should only be part of your overall investment portfolio. Further, the start-up portion of your portfolio may include a balanced portfolio of different start-ups. Investments in startups are highly illiquid and those investors who cannot hold an investment for the long term (at least 5-7 years) should not invest.

**Name**

Christopher Suser

***Principal occupation and employment responsibilities during at least the last three (3) years with start and ending dates***

Over the past 30 years, Christopher Suser has worked to build and refine The Mower Man® into the profitable, respected business it is today. After serving in Operation Desert Storm as a member of the U.S. Navy SEABEES Construction Force building hospitals, roads and landing strips in support of our troops, he returned home to Maryland with a dream of growing the small engine repair business he started right out of college. He attended the manufacturers' technical schools, build a technical support network, got his Maryland Home Improvement Contractor License, and started to develop his administrative infrastructure. Chris's uncompromising quality standards and reliability set him apart from the competition. The Mower Man®'s popularity grew quickly, allowing Chris to take calculated risks in order to foster growth opportunities. There were glitches to be worked out, and learned from, along the way, but today The Mower Man is profitable high growth business operation. Part of this growth is represented in its "At Your Home Services®" division. Chris recognized the opportunity to expand into home improvement services was a natural fit and a great way to diversify his business. He had already earned their trust and they readily offered their business to him. In doing so, Chris has significantly increased profitability while addressing the seasonal nature of the small engine repair. Customers are thrilled to have access to the same trusted team for home improvement services that they count on for their small engines.

## **Principal Security Holders**

5. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power. To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control — as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number of and Class of Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

## **Business and Anticipated Business Plan**

6. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

Since 1990, Chris Suser, owner of The Mowerman has been fixing outdoor power equipment such as lawn mowers, tractors, generators and snow blowers at customers' homes saving them countless hours and countless headaches. This recession proof business is a necessity for most. We love our customers and make what was a major hassle, easy and efficient. After years of perfecting our system, we have decided to grow our business by making operational software and adding to our already existing service platform and customer base. At Your Home has stepped into the home improvement, MHIC#93037, sector by providing services to fix and replace roofs, gutters, and siding.

At Your Home has developed a Storm Division in the home improvement sector that helps customers affected by storm damage get their roofs, siding and gutters replaced through their insurance provider at little to no cost to them. The company and employees realized that the cost and level of effort go down drastically while profits and revenues increase with the home improvement sector as opposed to franchising out the business.

We aim to start locally in Maryland and plan to grow incrementally out of the state expanding our reach. We are originally targeting Maryland only as we already have an existing customer base that we repair and fix all small engine machines, but that have also had success in replacing customers roofs through insurance and many others have had gutters and siding jobs completed as well. Staying in the state of Maryland, initially, should also keep finding jobs easier as we have a customer base already established.

Our primary target market is single-family homes. These homes typically have lawnmowers, lawn tractors, snowblowers, and generators and are also in reach for our Storm Division to check for storm dates and possible damages. Many customers have us fix multiple pieces of equipment at a time and recommend us to other possible clients.

At Your Home is seeking \$107,000 in funding in the form of equity, in order to grow our business through our new development of the Storm Division.

# Risk Factors

*A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.*

*In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.*

*The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.*

*These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.*

## **7. Material factors that make an investment in At Your Home LLC speculative or risky:**

1. We must correctly predict, identify, and interpret changes in consumer preferences and demand, offer new features to meet those changes, and respond to competitive innovation. Consumer preferences in user experience of mobile applications change continually. Our success depends on our ability to predict, identify, and interpret the habits of our customers and to offer features that appeal to consumer preferences. If we fail to expand our services, upgrades and features offerings successfully, or if we do not rapidly develop products in faster growing and more profitable categories, demand for our app could decrease, which could materially and adversely affect our anticipated product sales, financial condition, and results of operations.
2. From time to time, third parties may claim that one or more of our products or services infringe their intellectual property rights.  
Any dispute or litigation regarding patents or other intellectual property could be costly and time-consuming due to the complexity of our technology and the uncertainty of intellectual property litigation and could divert our management and key personnel from our business operations. A claim of intellectual property infringement could force us to enter into a costly or restrictive license agreement, which might not be available under acceptable terms or at all, could require us to redesign our products, which would be costly and time-consuming, and/or could subject us to an injunction against development and sale of certain of our products or services. We may have to pay substantial damages, including damages for past infringement if it is ultimately determined that our product candidates infringe a third party's proprietary rights. Even if these claims are without merit, defending a lawsuit takes significant time, may be expensive and may divert management's attention from other business concerns. Any public announcements related to litigation or interference proceedings initiated or threatened against us could cause our business to be harmed. Our intellectual property portfolio may not be useful in asserting a counterclaim, or negotiating a license, in response to a claim of intellectual property infringement.
3. Maintaining, extending and expanding our reputation and brand image are essential to our business success. In order for the Company to compete and grow, we must extend and expand our brand image through marketing investments, including advertising and consumer promotions, and product innovation. In addition, our success in extending and expanding our brand image depends on our ability to adapt to a rapidly changing media environment. We expect to increasingly rely on social media and online dissemination of advertising campaigns. The growing use of social and digital media increases the speed and extent that information or misinformation and opinions can be shared.

Negative posts or comments about us, our brands or our products on social or digital media, whether or not valid, could seriously damage our brands and reputation. If we do not establish, maintain, extend and expand our brand image, then our product sales, financial condition and results of operations could be adversely affected. Moreover, adverse publicity about regulatory or legal action against us could damage our reputation and brand image, undermine our customers' confidence and reduce long-term demand for our products, even if the regulatory or legal action is unfounded or not material to our operations.

4. Our business and results of operations may be adversely affected if we are unable to maintain our customer experience or provide high quality customer service.

The success of our business largely depends on our ability to provide superior customer experience and high quality customer service, which in turn depends on a variety of factors, such as our ability to continue to provide a reliable and user-friendly interface for our customers to use our mobile application, reliable and timely responses, and superior after sales services. Our economic prospects may decrease if our mobile application or website services are severely interrupted or otherwise fail to meet our customer requests. Should we or our third-party delivery companies fail to provide customer service in a convenient or reliable manner, or if our customers are not satisfied with our product quality, our reputation and customer loyalty could be negatively affected. As a result, if we are unable to continue to maintain our customer experience and provide high quality customer service, we may not be able to retain existing customers or attract new customers, which could have an adverse effect on our business and results of operations.

5. Our future growth depends to a large extent on our ability to effectively anticipate and adapt to customer requirements and offer services that meet customer demands. If we are unable to attract customers and/or retain customers, our business, results of operations and financial condition may be materially adversely affected.
6. Major health epidemics, such as the outbreak caused by a coronavirus (COVID-19), and other outbreaks or unforeseen or catastrophic events could disrupt and adversely affect our operations, financial condition and business.

The United States and other countries have experienced, and may experience in the future, major health epidemics related to viruses, other pathogens, and other unforeseen or catastrophic events, including natural disasters, extreme weather events, power loss, acts of war, and terrorist attacks. For example, there was an outbreak of COVID-19, a novel virus, which has spread to the United States and other countries and declared a global pandemic. The global spread of COVID-19 has created significant volatility and uncertainty in financial markets. Although COVID-19 is currently not material to our results of operations, there is significant uncertainty relating to the potential impact of COVID-19 on our business. The extent to which COVID-19 impacts our current capital raise and our ability to obtain future financing, as well as our results of operations and financial condition, generally, will depend on future developments which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of COVID-19 and the actions taken by governments and private businesses to contain COVID-19 or treat its impact, among others. If the disruptions posed by COVID-19 continue for an extensive period of time, our business, results of operations, and financial condition may be materially adversely affected.

#### 7. Affiliate Company Risk

The Mower Man and At Your Home, LLC are affiliated companies. Both companies have been founded by the CEO of At Your Home, LLC. Since At Your Home, LLC is a very young company, its planning for the future is highly depended on collaboration with The Mower Man and gaining access to their customer base. If this collaboration does not prove to be successful in the future there is a risk that At Your Home, LLC's operations could be significantly impacted.

8. *The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.*

You should not rely on the fact that our Form C, and if applicable Form D is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering.

9. *Neither the Offering nor the Securities have been registered under federal or state securities laws, leading to an absence of certain regulation applicable to the Company.*

The securities being offered have not been registered under the Securities Act of 1933 (the "Securities Act"), in reliance on exemptive provisions of the Securities Act. Similar reliance has been placed on apparently available exemptions from securities registration or qualification requirements under applicable state securities laws. No assurance can be given that any offering currently qualifies or will continue to qualify under one or more of such exemptive provisions due to, among other things, the adequacy of disclosure and the manner of distribution, the existence of similar offerings in the past or in the future, or a change of any securities law or regulation that has retroactive effect. If, and to the extent that, claims or suits for rescission are brought and successfully concluded for failure to register any offering or other offerings or for acts or omissions constituting offenses under the Securities Act, the Securities Exchange Act of 1934, or applicable state securities laws, the Company could be materially adversely affected, jeopardizing the Company's ability to operate successfully. Furthermore, the human and capital resources of the Company could be adversely affected by the need to defend actions under these laws, even if the Company is ultimately successful in its defense.

10. *The Company has the right to extend the Offering Deadline, conduct multiple closings, or end the Offering early.*

The Company may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Minimum Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment up to 48 hours before an Offering Deadline, if you choose to not cancel your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Company receiving the Minimum Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Minimum Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after release of such funds to the Company, the Securities will be issued and distributed to you. If the Company reaches the target offering amount prior to the Offering Deadline, they may conduct the first of multiple closings of the Offering prior to the Offering Deadline, provided that the Company gives notice to the investors of the closing at least five business days prior to the closing (absent a material change that would require an extension of the Offering and reconfirmation of the investment commitment). Thereafter, the Company may conduct additional closings until the Offering Deadline. The Company may also end the Offering early; if the Offering reaches its target offering amount after 21-calendar days but before the deadline, the Company can end the Offering with 5 business days' notice. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to participate – it also means the Company may limit the amount of capital it can raise during the Offering by ending it early.

11. *The Company's management may have broad discretion in how the Company uses the net proceeds of the Offering.*

Despite that the Company has agreed to a specific use of the proceeds from the Offering, the Company's management will have considerable discretion over the allocation of proceeds from the

Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

12. *The Securities issued by the Company will not be freely tradable until one year from the initial purchase date. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with his or her attorney.*

You should be aware of the long-term nature of this investment. There is not now and likely will not be a public market for the Securities. Because the Securities offered in this Offering have not been registered under the Securities Act or under the securities laws of any state or non-United States jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be affected. Limitations on the transfer of the shares of Securities may also adversely affect the price that you might be able to obtain for the shares of Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Company. Investors in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof.

13. *Investors will not be entitled to any inspection or information rights other than those required by Regulation CF.*

Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by Regulation CF. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information – there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders.

14. *The shares of Securities acquired upon the Offering may be significantly diluted as a consequence of subsequent financings.*

Company equity securities will be subject to dilution. Company intends to issue additional equity to future employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence, holders of Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the purchaser's economic interests in the Company.

15. The amount of additional financing needed by Company will depend upon several contingencies not foreseen at the time of this Offering. Each such round of financing (whether from the Company or other investors) is typically intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds are not sufficient, Company may have to raise additional capital at a price unfavorable to the existing investors. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to predict accurately the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain such financing on favorable terms could dilute or otherwise severely impair the value of the investor's Company securities.

16. *There is no present public market for these Securities and we have arbitrarily set the price.*

The offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the

Securities and is not based on our net worth or prior earnings. We cannot assure you that the Securities could be resold by you at the Offering price or at any other price.

17. In addition to the risks listed above, businesses are often subject to risks not foreseen or fully appreciated by the management. It is not possible to foresee all risks that may affect us. Moreover, the Company cannot predict whether the Company will successfully effectuate the Company's current business plan. Each prospective Investor is encouraged to carefully analyze the risks and merits of an investment in the Securities and should take into consideration when making such analysis, among other, the Risk Factors discussed above.
18. THE SECURITIES OFFERED INVOLVE A HIGH DEGREE OF RISK AND MAY RESULT IN THE LOSS OF YOUR ENTIRE INVESTMENT. ANY PERSON CONSIDERING THE PURCHASE OF THESE SECURITIES SHOULD BE AWARE OF THESE AND OTHER FACTORS SET FORTH IN THIS OFFERING STATEMENT AND SHOULD CONSULT WITH HIS OR HER LEGAL, TAX AND FINANCIAL ADVISORS PRIOR TO MAKING AN INVESTMENT IN THE SECURITIES. THE SECURITIES SHOULD ONLY BE PURCHASED BY PERSONS WHO CAN AFFORD TO LOSE ALL OF THEIR INVESTMENT.

## The Offering

At Your Home LLC ("Company") is offering securities under Regulation CF, through Netcapital Funding Portal Inc. ("Portal"). Portal is a FINRA/SEC registered funding portal and will receive cash compensation equal to 4.9% of the value of the securities sold through Regulation CF. Investments made under Regulation CF involve a high degree of risk and those investors who cannot afford to lose their entire investment should not invest.

The Company plans to raise between \$10,000 and \$107,000 through an offering under Regulation CF. Specifically, if we reach the target offering amount of \$10,000, we may conduct the first of multiple or rolling closings of the offering early if we provide notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Oversubscriptions will be allocated on a first come, first served basis. Changes to the offering, material or otherwise, occurring after a closing, will only impact investments which have yet to be closed.

In the event The Company fails to reach the offering target of \$10,000, any investments made under the offering will be cancelled and the investment funds will be returned to the investor.

### **8. What is the purpose of this offering?**

We have ongoing partnerships with roofers and make our profits from that work. Our current square foot costs on a roof are \$250 with a sale price of \$420+ per square foot. After we raise the capital, we anticipate to use proceeds as shown in the table below.

### **9. How does the issuer intend to use the proceeds of this offering?**

Uses	If Target Offering Amount Sold	If Maximum Amount Sold
Intermediary Fees	\$490	\$5,243
Compensation for managers	\$0	\$19,869
Working Capital	\$0	\$951
Marketing	\$9,510	\$18,339
Hiring	\$0	\$663
Equipment	\$0	\$12,219
Insurance	\$0	\$2,140
Administrative Expenses	\$0	\$47,576
<b>Total Use of Proceeds</b>	<b>\$10,000</b>	<b>\$107,000</b>

**10. How will the issuer complete the transaction and deliver securities to the investors?**

In entering into an agreement on the Netcapital Funding Portal to purchase securities, both investors and At Your Home LLC must agree that a transfer agent, which keeps records of our outstanding Common Units (the "Securities"), will issue digital Securities in the investor's name (a paper certificate will not be printed). Similar to other online investment accounts, the transfer agent will give investors access to a web site to see the number of Securities that they own in our company. These Securities will be issued to investors after the deadline date for investing has passed, as long as the targeted offering amount has been reached. The transfer agent will record the issuance when we have received the purchase proceeds from the escrow agent who is holding your investment commitment.

**11. How can an investor cancel an investment commitment?**

You may cancel an investment commitment for any reason until 48 hours prior to the deadline identified in the offering by logging in to your account with Netcapital, browsing to the Investments screen, and clicking to cancel your investment commitment. Netcapital will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment. If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

**12. Can the Company perform multiple closings or rolling closings for the offering?**

If we reach the target offering amount prior to the offering deadline, we may conduct the first of multiple closings of the offering early, if we provide notice about the new offering deadline at least five business days prior (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Thereafter, we may conduct additional closings until the offering deadline. We will issue Securities in connection with each closing. Oversubscriptions will be allocated on a first come, first served basis. Changes to the offering, material or otherwise, occurring after a closing, will only impact investments which have yet to be closed.

# Ownership and Capital Structure

## The Offering

### 13. Describe the terms of the securities being offered.

We are issuing Securities at an offering price of \$1 per share.

### 14. Do the securities offered have voting rights?

The Securities are being issued with voting rights. However, so that the crowdfunding community has the opportunity to act together and cast a vote as a group when a voting matter arises, a record owner will cast your vote for you. Please refer to the record owner agreement that you sign before your purchase is complete.

### 15. Are there any limitations on any voting or other rights identified above?

You are giving your voting rights to the record owner, who will vote the Securities on behalf of all investors who purchased Securities on the Netcapital crowdfunding portal.

### 16. How may the terms of the securities being offered be modified?

We may choose to modify the terms of the securities before the offering is completed. However, if the terms are modified, and we deem it to be a material change, we need to contact you and you will be given the opportunity to reconfirm your investment. Your reconfirmation must be completed within five business days of receipt of the notice of a material change, and if you do not reconfirm, your investment will be canceled and your money will be returned to you.

## Restrictions on Transfer of the Securities Offered

The securities being offered may not be transferred by any purchaser of such securities during the one-year period beginning when the securities were issued, unless such securities are transferred:

- to the issuer;
- to an accredited investor;
- as part of an offering registered with the U.S. Securities and Exchange Commission; or
- to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

The term “accredited investor” means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term “member of the family of the purchaser or the equivalent” includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term “spousal equivalent” means a cohabitant occupying a relationship generally equivalent to that of a spouse.

## Description of Issuer’s Securities

17. **What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.**

## Securities

Class of Security	Amount Authorized	Amount Outstanding	Voting Rights	Other Rights
Common Units	2,807,000	2,700,000	Yes	
Preferred Units	300,000	0	Yes	The Company has set aside 300,000 Preferred Units for sale to investors at \$1.00 per unit. No Preferred Units are outstanding and none are offered for sale in this offering. The Preferred Units have voting rights, dividend rights, distribution rights and liquidation rights. See details of such rights in the Limited Liability Company Operating Agreement.

## Options, Warrants and Other Rights

None.

18. **How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of securities?**

There are no additional outstanding securities that would limit, dilute or qualify the rights of the securities being sold in this offering. In the event the Company issues any Preferred Units, 300,000 of which are authorized in the Limited Liability Company Operating Agreement, your ownership interest will be diluted and the holders of the Preferred Units will have dividend, distribution and liquidation rights superior to your rights. Please refer to the Limited Liability Company Operating Agreement for the details of these rights.

19. **Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?**

Unlike other holders of common units, you are not subject to the transfer restrictions listed in Section 8 of the Limited Liability Company Operating Agreement. The Company has granted you a perpetual waiver from these transfer restrictions.

20. **How could the exercise of rights held by the principal owners identified in Question 5 above affect the purchasers of Securities being offered?**

At current levels of ownership, Christopher Suser represents a majority ownership of At Your Home, LLC and has the ability to make decisions that may not be in your best interest. As a minority owner, you may be outvoted on issues that impact your investment, such as the issuance of additional shares, or the sale of debt, convertible debt or assets of the company.

21. **How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.**

At the issuer's discretion.

22. **What are the risks to purchasers of the securities relating to minority ownership in the issuer?**

As the holder of a majority of the voting rights in the company, our Members may make decisions with which you disagree, or that negatively affect the value of your investment in the company, and you will have no recourse to change those decisions. Your interests may conflict with the interests of other investors, and there is no guarantee that the company will develop in a way that is advantageous to you. For example, the majority members may decide to issue additional membership interest units to new investors, sell convertible debt instruments with beneficial conversion features, or make decisions that affect the tax treatment of the company in ways that may be unfavorable to you. Based on the risks described above, you may lose all or part of your investment in the securities that you purchase, and you may never see positive returns.

**23. What are the risks to purchasers associated with corporate actions including:**

- **additional issuances of securities,**
- **issuer repurchases of securities,**
- **a sale of the issuer or of assets of the issuer or**
- **transactions with related parties?**

The issuance of additional securities will dilute your ownership. As a result, if we achieve profitable operations in the future, our net income per share will be reduced because of dilution, and the market price of our common stock, if there is a market price, could decline as a result of the additional issuances of securities.

If we repurchase securities so that the above risk is mitigated, we may not have enough cash available for marketing expenses, growth, or operating expenses to reach our goals. If we do not have enough cash to operate and grow, we anticipate the market price of our common stock, if any, would decline.

A sale of our company or of all the assets of our company may result in an entire loss of your investment. We cannot predict the market value of our company or our assets, and the proceeds of a sale may not be cash, but instead, unmarketable securities, or an assumption of liabilities. It is unlikely that in the near term, a sale would result in a premium that is significant enough over book value to generate a return to our investors.

We may need to negotiate with a related party for additional capital. No assurance can be given that such funds will be available or, if available, will be on commercially reasonable terms satisfactory to us. Even if such financing is available, it may be on terms that are materially adverse to your interests with respect to dilution of book value, dividend preferences, liquidation preferences, or other terms. We anticipate that if we have any transactions with related parties, that they will be on an arms-length basis.

**24. Describe the material terms of any indebtedness of the issuer:**

Not applicable.

**25. What other exempt offerings has At Your Home LLC conducted within the past three years?**

None.

26. **Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12-month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:**
1. any director or officer of the issuer;
  2. any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
  3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer; or
  4. any immediate family member of any of the foregoing persons.

No.

## Financial Condition of the Issuer

27. **Does the issuer have an operating history?**

No.

28. **Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.**

At Your Home is a newly formed LLC, formed in Maryland on October 19, 2019. We are not operating as of yet hence we have no monthly burn rate. With this raise, we plan to allocate \$5,000 per month on marketing and sales. We are currently promoting, free roofing inspection from a large customer base we would rent from The Mowerman, an affiliated company. As the company is already getting roof inspection jobs, so the new company would need to spend more on marketing than \$5,000 a month. We have used our personal funds to get us ready for the raise. We would need to keep tight on expenses to be ready to raise more on a 2nd round if needed. Since At Your Home is a new company we have no expenses, no money in the bank, and no debt. Our current equity round is priced at \$1.00 per share.

**2. Section 5 of the Securities Act?**

**6. Is any such person suspended or expelled from membership in, or suspended or barred from association with a member of, a registered national securities exchange or a registered national or affiliated securities association for any act or omission to act constituting conduct inconsistent with just and equitable principles of trade?**

**7. Has any such person filed (as a registrant or issuer), or was any such person or was any such person named as an underwriter in, any registration statement or Regulation A offering statement filed with the Commission that, within five years before the filing of this offering statement, was the subject of a refusal order, stop order, or order suspending the Regulation A exemption, or is any such person, at the time of such filing, the subject of an investigation or proceeding to determine whether a stop order or suspension order should be issued?**

**8. Is any such person subject to a United States Postal Service false representation order entered within five years before the filing of the information required by Section 4A(b) of the Securities Act, or is any such person, at the time of filing of this offering statement, subject to a temporary restraining order or preliminary injunction with respect to conduct alleged by the United States Postal Service to constitute a scheme or device for obtaining money or property through the mail by means of false representations?**

At Your Home LLC answers 'NO' to all of the above questions.

## Other Material Information

**31. In addition to the information expressly required to be included in this Form, include: any other material information presented to investors; and such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.**

Video Transcription: Hello my fellow Americans, my name is Chris Suser and I'm the owner of The Storm Division. We specialize in getting people's roofs, gutters, and siding replaced through their insurance companies while ensuring the process is easy for the customer and that there is little out of pocket cost to them. Let me walk you through the whole process, we have it broken into seven easy steps.

Step #1, you get a free roof inspection. We have two ways. One is through a licensed drone pilot that we have. We'll send the drone up and look over everything for damage.

Number two is we have one of our inspectors go up on the roof.

We're looking for storm damage. If we find enough storm damage and you feel you can file a claim, let's do it. If you don't feel you need to file a claim, we'll shake hands and that will be that. If we find enough storm damage we will file the claim on the spot. It's very important that we file the claim on the spot, because there's only a limited amount of time before the insurance companies can make it more difficult.

The third step is we meet with the adjusters. It's very important that we meet with them and that we're there to make sure everything goes smooth. We make sure that if there's some things they might not be looking at, we point it out to them. We're just keeping everybody on their toes.

Let's say they approve the roof and give you a proposal. We need to see that proposal because we want to make sure you're getting everything you're supposed to get.

After I have checked everything and made sure that my figures and the insurance figures are even, and that I've corrected them, and that's very important because they can be off by half, I've seen it, it's very important. Then we go ahead and sign the contract, you pay  $\frac{1}{3}$  down.

Step #5, we schedule the job, we go out and do the job. Then after that we go to Step #6, we submit any supplements or code upgrades to the insurance. They give you the final bill, and you pay us.

Step #7, you just got a new roof, paid for by your insurance and your house is going to be safe and weather proof for years to come.

## Ongoing Reporting

**32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its web site, no later than 120 days after the end of each fiscal year covered by the report:**

Once posted, the annual report may be found on the issuer's web site at: [Atyourhome.us](#)

The issuer must continue to comply with the ongoing reporting requirements until:

- the issuer is required to file reports under Section 13(a) or Section 15(d) of the Exchange Act;
- the issuer has filed at least one annual report pursuant to Regulation Crowdfunding and has fewer than 300 holders of record and has total assets that do not exceed \$10,000,000;
- the issuer has filed at least three annual reports pursuant to Regulation Crowdfunding;
- the issuer or another party repurchases all of the securities issued in reliance on Section 4(a)(6) of the Securities Act, including any payment in full of debt securities or any complete redemption of redeemable securities; or
- the issuer liquidates or dissolves its business in accordance with state law.
